Clubhouse Decking

 Decking 5

 Fascia 8

 Fasteners 9

Backed by a limited lifetime warranty
with 25-year fade and stain coverage.*

Clubhouse Decking is 100-percent PVC with
no wood or wood fillers. It is formulated with
Korelite™ technology to be up to 25-percent lighter
than most wood and composites, but retains
superior strength for solid underfoot feel.

* See warranty for details and limitations.

Code Approvals

Clubhouse Decking has the following code approvals:

CCRR-0175 - Clubhouse Decking

The Code Compliance Research Reports are issued by ATI Evaluation Service, a third party certification agency who tested the decking and railing to ensure it meets a high level of industry and building code standards. Full copies of the reports can be downloaded from the ATI website, **<http://www.architecturaltesting.com>**

Prior to construction, check with your local building inspector for special code requirements in your area.

Visit **www.clubhousedecking.com** to view the Clubhouse Installation Guide.

Clubhouse Decking's proprietary formulation features a stronger, more dense cell structure and the finest protective capstock in the industry.

With a natural wood look and dual-colour, dual-embossed planks, Clubhouse Decking comes in two collections:

The Hardwood Collection

Ironwood • Mahogany • Walnut • Ipe • Hickory • Driftwood

The Earthtone Collection

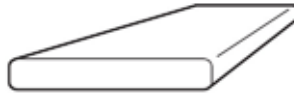

Sandstone • Clay • Cobblestone • Brookstone

Fastening System

The hidden Clubhouse Fastening System includes multiple components to leave deck surfaces completely unmarred for a seamless finish.
